Dear Chair Forese,

As the APS rate case comes close to an end, I encourage you to keep in mind the impact a service charge increase would have on small businesses.

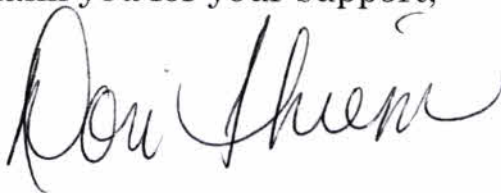

My main focus as a small business owner is to keep my doors open by making a profit so I can meet my obligations and the needs of those who work for me. At times it is a very fine line between staying afloat and becoming just another statistic.

That is why I have to oppose the proposed APS increase on monthly service charges, not only for myself but for those who rely on me for their livelihoods.

As this case moves forward, I implore you to advocate for the small business owners who depend on APS.

It is always an honor to have the support and vision of the Corporation Commission.

Thank you for your support,

BRAD AND DORI THIEM
